

Exhibition Displays Artwork Setup Guide

Thank you for your interest in our displays, below is a guidance for supplying us with your artwork. We hope you enjoy your display and that it delivers the communication targets you are hoping to achieve and please remember to recycle it when you are finished with it.

Questions first

How many panels are you having?

How wide and tall are the panels (mm)?
(Max 3m High x 1m Wide)

Are you having end columns?

Artwork for the display

Width of artwork is
No Panels x Panel Width, plus
10mm bleed each end

Height of artwork is
the display height, plus
2mm bleed at each end

Don't worry we will tile the image onto
the panels

Column Artwork

240mm wide, plus
98mm bleed each
end

Height is the display
height, plus 2mm
bleed each end

Before you send

Please ensure all fonts
are outlined

Any linked files are included

Let us know if any pantones
need matching

File types

We would prefer it if you could send us an eps file saved to postscript level 3, however we are capable of working with nearly all file types, Indesign CS3, Illustrator CS3, Photoshop CS3, PDF's etc apart from Quark and Corel.

Sending your files

We are happy to receive your artwork via email up to 10mb, for files larger then this you could send on a cd, dvd or memory stick but thats going to cost you postage! So why not transfer your artwork onto our ftp site.

ftp://mailserver.greengraphics.co.uk username:ftp1 password:artw0rk1

We look forward to receiving your artwork, please only print this if you need to!!!
